100% Connected.
100% Performance.

EICHER LIVE
INTELLIGENCE THAT DRIVES BUSINESS

Maximize your business potential with Eicher Live.

Everything you do, gets your 100%. Shouldn't your business get the opportunity for 100% performance too? Introducing Eicher Live, now in every BSVI HD Truck, LMD Truck and Bus. Maximise the mileage, uptime and safety of your entire fleet, through intelligence and take your business to a whole new level.

MORE SAFETY
BETTER MILEAGE
HIGHER UPTIME

India's 1st and only range of
100% connected BSVI trucks and buses

Eicher Live is an advanced telematics solution that offers intelligence to maximise performance. Every Eicher BSVI Truck & Bus now comes pre-installed with this solution. It enables real time performance of vehicles to be monitored via satellite.

It can be viewed on the fleet owner's computer or mobile, and also by the Eicher support team at the dealership and the Uptime Centre. Proactive action can be taken to prevent breakdowns and costly repairs. In addition, the analysis of the data, offers critical insights into driver and vehicle performance, resulting in maximum productivity of the fleet.

100% Connected for maximum safety

Manage Trips

Track real time location and status of your vehicle as it travels anywhere in the country to plan trips more effectively.

- Track the live location to enhance the safety of passengers or cargo
- Get live route alerts to monitor running and idle time of the vehicle
- Get intelligence based analysis of every trip to plan routes and stops

100% Connected for maximum fuel efficiency

Manage Fuel

Get real time guidance based on fuel usage and driving habits to help maximize fuel efficiency.

- Fuel coaching guides drivers to maximize sweet spot driving
- Receive alerts and reports on fuel consumption
- Improve driving habits and reward good driving with driver based reports

100% Connected for maximum uptime

Manage Uptime

Get the most from the vehicle by ensuring it stays on road for the maximum time.

- Prevent breakdowns through predictive fault alerts
- Get 24X7 support from Uptime Centre
- Remote diagnostics by specialists, helps mechanics solve tough problems on-site
- Instant access to vehicle history on service or repair
- Best suited for time sensitive, hyper local delivery and e-commerce

100% Performance is now LIVE

Give your business the 100% advantage with Eicher Live. Maximize your performance. With 100% connected vehicles, make the most of every opportunity.
